TOWN BUILDING ADVISORY COMMITTEE					
The committee is composed of not more than seven (7) members appointed without terms. They are advisory to the Board of Selectmen and the Town Manager. The purpose of the committee is to: determine whether future uses of the Town Hall and Town Office should be considered jointly or separately in future use decisions in order to facilitate an efficient process; review the prior plan developed in 2006 for the renovation of the existing Town Office building and Town Hall building, known as "Option 3"; evaluation of future options for location of the Town Offices; examine ways citizens are served and develop recommendations for "best customer service practices" to serve Exeter residents in a new or renovated building; develop "best service provisions" for general public including use of modern technology wherever possible, including potential "customer kiosks"; evaluate current and potential non-municipal tenants and users in one or both buildings to address community use concerns versus municipal needs, present and future; review community build out assumptions in an attempt to ascertain future service needs taking into account future regulatory activities where possible; explore "green technologies" as part of any new building project and report on same to Board of Selectmen and Town Manager; evaluate costs and benefits of these options; develop set of measurable criteria to evaluate "workable" solutions to municipal space needs evaluated against cost. The committee will issue a findings report not later than					
January 31, 2008. Its recommendations may be adopted by the Board of Selectmen.					
DISBANDED PER BOARD OF SELECTMEN VOTE ON JUNE 13, 2011
