**** CHINESE LESSONS****

Bilingual | Multilingual

Being bilingual is an undeniable advantage and how the knowledge of two languages can give kids enhanced creativity as well as improve literacy skill. Numerous studies have also demonstrated that children who read at least two languages are more likely to outperform their monolingual peers.

Objective

Introduce Chinese as a second language and its culture to young children in Exeter and neighboring towns. Mandarin will be the spoken language along with Simplified Chinese characters recognition and writing.

Classes /Continuing Students

Tiger (age 6 to 10): This is a continual 14 lessons/weeks session from the fall 2009 class. New students may be accepted if she/he has prior basic lessons. The program is designed for elementary/beginner level students to learn spoken Mandarin and some Chinese characters recognition and writing through stories, songs, games, and arts & crafts.
